Stone Rural District Council

# ANNUAL REPORT

of the

MEDICAL OFFICER OF HEALTH

and

CHIEF PUBLIC HEALTH INSPECTOR

FOR THE YEAR 1963

STONE RURAL DISTRICT COUNCIL

ANNUAL REPORT

OF THE

AND

CHIEF PUBLIC HEALTH INSPECTOR

1963

To the Chairman and Members of the Stone Rural District Council.

Mr. Chairman, Ladies & Gentlemen,

I have the honour to present to you the Annual Report for the year 1963 which has been compiled on the general lines indicated by the Ministry of Health.

The Population of the Area has increased from 18,890 to 19,130 (240).

The total number of Deaths from all causes amounted to 182 (Figure for 1962 was 183, 1961 was 173 and 1960 was 167. This gives a Death Rate for the Area of 10.3 (adjusted). England & Wales 12.2.

The number of Live Births in the Area for the year totalled 313. Live Births thus exceeding the number of Deaths by 131. This gives a Live Birth Rate for the Area of 14.6 (adjusted). England & Wales 18.2.

Malignant Neoplasm of the Lung and Bronchus caused 7 Deaths which is a decrease of 6 on the 1962 figure, (5 in 1961 and 6 in 1960). This is 3.84% of the total Deaths in the Area for the Year.

Coronary Disease and Angina accounted for 38 Deaths during the year (37 in 1962 and 20 in 1961). This is 15.4% of the total deaths in the Area for the year. (1962 = 20.2% & 1961 = 11.5%).

From this it will be seen that the mortality rate from these two causes has shown signs of decrease, which is quite encouraging.

No cases of Food Poisoning occurred during the year.

I would like to thank the staff of the Public Health Department for their further co-operation in the completion of the Report, the Chairman and members of the Council for their help and interest in the work of the Department, and the Clerk to the Council and Health Visitors of the Area for their assistance in carrying out the work during the past year.

I am,

Your obedient Servant,

F. J. MURRAY.

Medical Officer of Health.

STAFF OF THE PUBLIC HEALTH DEPARTMENT.

Medical Officer of Health.

F. J. Murray.

Deputy Medical Officer of Health.

C. Arthur.

Chief Public Health Inspector.

B. K. Lovatt, M.S.I.A., M.R.S.H.

Assistant to the Chief Public Health Inspector.

Miss. E. E. Freakley, M.S.I.A., A.R.S.H. (Additional Public Health Inspector)

Clerk in the Public Health Department.

E. J. Bevan.

Junior Clerk

Mrs. B. Whiteman (To February, 1963).

Miss. J.M. Williams (From February, 1963).

STATISTICS AND SOCIAL CONDITIONS IN THE AREA.

Area in Acres.....	61,249
Population (Registrar General Return).....	19,130

Population Density Per House.....	3.6

# NOTES FROM THE STATISTICAL RETURN.

Population. The population of the Stone Rural District increased from 18,890 to 19130. This was an increase of 240 persons for the year. (1961 = 18,490)

Deaths. The total number of deaths from all causes including Inward Transferable Deaths and excluding Still Births totalled to 182. (1962 = 183) This gives a Death Rate for the Area of 9.2 (Eng. & Wales 12.2)

Births. The number of Live Births in the Area amounted to 313 which is an increase of 21 on the figures for 1962. (1961=294) This gives a birth rate for the Area of 16.3 (Eng. & Wales 18.2)

Infant Mortality. The number of children under one year of age equalled 6 Death Rate = 19.1. (Eng. & Wales = 21.1) All of these were under four weeks of age and five were of infants under one week of age.

Notifiable and Infectious Diseases. 146 cases were notified during the year. (1962 = 59)

Food Poisoning. There were no cases of food poisoning or suspected food poisoning during the year.

Vital Statistics. These give particulars of Births and Deaths occurring in the Stone Rural District for 1963, and give comparison of the figures for the district with those for England and Wales.

	Live Births.	Still Births.	Deaths of Infants under one year of age.	Deaths of Infants under four weeks of age.	Deaths of Infants under one week of age.

Common Lodging Houses.	Food for sale, and Sale of Food in
Common Lands.	the Open Air.
Sanitary Conditions and	Hairdressing Establishments.
Management of Private	
Slaughterhouses.	

## BACTERIOLOGICAL AND CHEMICAL ANALYSIS OF WATER SUPPLIES

The total number of samples taken during the year for Bacteriological Examination and Chemical Analysis is 65. Details are as follows:-

Bacteriological Examination of Water Supplies.....	33
Satisfactory.....	15
Unsatisfactory.....	18
Chemical Examination of Water Supplies.....	32
Satisfactory.....	24
Unsatisfactory.....	8

In addition 2 samples were submitted for examination from the open air swimming bath at Trentham Gardens, both of which were satisfactory.

## WATER SUPPLIES

### Sharpley Heath, Milwich, Coton Etc. Water Supply

During the early part of the year notification was received from the Ministry of Housing and Local Government of the terms of grant aid for this scheme. Work of laying the main was commenced by the Staffordshire Potteries Water Board and very good progress was made through to the end of the year.

## SEWERAGE

### Barlaston Parish Sewage Disposal - Rough Close

Further discussions took place with Messrs. Wedgwoods and terms of an agreement were submitted to the Council. Investigations were carried out with regard to flows, etc., and it was finally indicated to Messrs. Wedgwoods that the terms could be accepted.

### Cocknage Sewer Extension

A request was made by the County Council for an extension of the sewer to serve County Council small holdings in the Cocknage area. A scheme was prepared and submitted to the Ministry of Housing and Local Government. At the end of the year approval to this scheme was awaited.

Chebsey Parish  
Shallowford Sewerage Scheme

Approval was given to the preparation of a small scheme to serve the village of Shallowford.

Eccleshall Parish  
Stafford Road, Extension

Approval was given to the preparation of an extension scheme for Stafford Road, for submission to the Ministry of Housing and Local Government.

Fulford Parish  
Fulford, Moss Gate and Cross Gate Sewerage Scheme

Following a report from the Geological Survey various alterations and amendments to the scheme were agreed upon, and preparation of the final scheme was commenced.

Hilderstone Parish  
Hilderstone Sewerage Scheme

Survey work and preparation of this scheme continued during the year for submission to the Ministry of Housing and Local Government.

Sandon Parish  
Sandon Sewerage Scheme

Work on this scheme was commenced towards the end of March and in spite of the fact that considerable rock was encountered, progress was good. By the end of the year all the sewers had been laid and construction of the disposal works was almost complete.

Swynnerton Parish  
Clayton Sewerage Scheme

In spite of difficulties, this scheme was virtually completed by the end of June.

Consideration was given to an extension to the scheme to include Foxglove Lane, and a scheme was commenced for this extension.

Royal Ordnance Factory Works, Swynnerton

Following an approach from the War Office, negotiations were once more opened with the District Valuer for the acquisition by the Council of the Sewage Disposal Works on the old Ordnance Factory Site.

## PUBLIC CLEANSING - REFUSE COLLECTION AND DISPOSAL

Refuse Collection is still being maintained with three vehicles in spite of considerable housing development in the area. The collection is carried out with one Compressmore and two old type vehicles.

The existing tipping areas in the district were still in operation, but becoming very restricted. Negotiations were opened with the War Office for the use of quite a large area of land on the old Ordnance Factory Site for tipping purposes.

### NIGHT SOIL COLLECTION

The collection of night soil has continued to decrease following extensions to the sewerage systems and installation of septic tanks, often with the help of improvement grants.

The free annual service for the cleansing of domestic septic tanks has continued, and the vehicles have worked very much under pressure due to the increased number of tanks to be emptied.

### INSPECTION AND REPAIR OF DWELLING HOUSES

During 1963, 36 informal notices were served on owners to carry out repairs to private houses. In the majority of cases these notices were complied with without the service of statutory notices.

#### Inspections.

- |   |     |
|---|-----|
| 1. (a) Total number of houses inspected for housing defects (under Public Health and Housing Acts). | 228 |
| (b) Total number of inspections made for the purpose.   | 351 |

#### Remedy of Defects

- |  |    |
|--|----|
| 1. Number of houses repaired following informal action.  | 25 |
| 2. Number of houses repaired following formal action.  | 6  |
| 3. Number of houses on which there were outstanding formal or informal notices at the end of 1963. | 13 |

#### Demolition and Closure of Dwelling Houses.

- |  |    |
|--|----|
| Number of Demolition Orders made under Section 17 of the Housing Act, 1957.                                    | 14 |
| Number of Closing Orders made under Section 16, 17 and 25 of the Housing Act, 1957.                            | 2  |
| Number of houses in respect of which an undertaking was accepted under sub-section 4 of the Housing Act, 1957. | 7  |

Number of houses demolished following formal action.	4
Number of houses demolished following informal action.	-
Number of houses demolished in default.	-
Number of houses awaiting demolition when vacated.	<u>36</u>

#### HOUSING ACT 1949-1962 - IMPROVEMENT GRANTS

Applications dealt with by the Council during 1963.

Type of Grant	No. Received.	No. Approved.	No. Rejected.	No. not Proceeded with.
Discretionary	30	28	2	-
Standard	2	Nil	2	-

#### Housing General

Number of houses erected during the year:-

1. By Local Authority.....	40
2. By private enterprise.....	<u>59</u>
Total	<u>99</u>

Number of Council owned dwellings at 31st December, 1963:-

Erected up to 1940.....	93
Erected between 1947 & 1961.....	876
Completed during 1963.....	40
Purchased from private owners.....	<u>7</u>
Total	<u>1,016</u>

#### SLUM CLEARANCE

The houses in Gaol Butts, Eccleshall were demolished and by the end of 1963 the two houses and four flats on the site were nearing completion. Approval was given to the provision of an old people's Welfare Unit and houses in High Street, Eccleshall, and by the end of the year work had commenced on demolition of the Clearance Area Site.

32 dwellings were completed in Barlaston and 8 at Yarnfield, many of which were used for rehousing families from individual unfit houses.

#### RODENT CONTROL.

The Council still employ one full time Rodent Operator. During the year farmers have entered into contract with the Council for the extermination of rats. Private properties have received treatment for both rats and mice and a number of business premises have been surveyed and the necessary work carried out.

The Council's property, which includes tips and sewage disposal works have all been regularly visited and treated, thus avoiding major infestations. Close watch has also been kept on the Council's housing sites, in particular infestations which occur in hedge banks. Manholes on the various sewage systems have also been checked.

### PETROLEUM ACTS

During 1963 55 Petroleum Licences were issued. These licences represent a total capacity of 84,250 gallons. 3 Licences were also issued for storage of petroleum mixtures for 580 gallons.

### INSPECTION AND SUPERVISION OF FOOD Slaughtering Facilities

Three private slaughterhouses operating in the Eccleshall area were licensed during the year. The whole of the output from one of them is exported into the City of Stoke-on-Trent.

Thirteen men were licensed to stun and slaughter animals under the provisions of the Slaughter of Animals Act, 1958. The Licences operated until the 31st December, 1963.

### Meat Inspection

The following table in the prescribed form gives details of meat inspection at the three private slaughterhouses during the year 1963.

	Cattle Excluding Cows.	Cows.	Calves.	Sheep and Lambs.	Pigs.
Number Killed.	680	19	36	3,867	327
Number Inspected	680	19	36	3,867	327
<u>All diseases except Tuberculosis.</u>					
Whole carcasses condemned.	-	-	1	1	-
Carcasses of which some part or organ was condemned.	115	5	-	1,467	9
Percentage of the number inspected affected with disease other than Tuberculosis.	16.9%	26.3%	2.7%	37.9%	2.7%
<u>Tuberculosis Only.</u>					
Whole carcasses condemned.	-	-	-	-	-
Carcasses of which some part or organ was condemned.	-	-	-	-	-
Percentage of the number inspected affected with Tuberculosis.	-	-	-	-	-
<u>Cysticercosis.</u>					
Carcase of which some part or organ was condemned.	2	-	-	-	-
Carcase submitted to treatment by refrigeration.	2	-	-	-	-

Notes on the foregoing table.

The number of cattle killed has shown a considerable increase during the year. The number of sheep has remained much the same, but the number of calves and pigs killed has decreased.

No tuberculosis has been found during the year in cattle, but the avian variety was found in pigs heads.

The amount of meat condemned is considerably less than last year. This is due to the fact that the quality of cattle killed improved and this resulted in far less offal being condemned.

Cysticercus bovis.

As shown in the table localised cysticercus bovis was found in 2 beasts, in one case the head was affected and in the other the heart. The affected organ was condemned in each case and the remainder of offal and the carcass was consigned to cold store for a period of three weeks.

Weights of meat condemned.

	<u>Diseases other than</u> <u>Tuberculosis</u>			<u>Tuberculosis</u>		
	Cwts.	Qr.	lb.	Cwts.	Qr.	lb.
Cattle.....	7	0	3	-	-	-
Calves.....		2	4	-	-	-
Sheep and Lambs.....	17	1	18	-	-	-
Pigs.....		1	5	-	-	-
	25.	1	2	-	-	-

The condemned meat at the slaughterhouses and butchers' premises was disposed of by the butchers to a manufacturer of animal by-products in accordance with the Meat (Staining and Sterilisation) Regulations 1960.

SLAUGHTERHOUSES

There are three slaughterhouse licences issued in the Eccleshall Area. Regular inspections are carried out to ascertain that the premises are kept up to standard.

Inspection of Other Foods

The following amounts of foodstuffs other than butcher's meat were found to be unfit for human consumption and voluntarily surrendered by the various owners.

Tinned Meat.....	297 lbs.	12 ozs.
Other Food.....	78 lbs.	7 ozs.

## Manufactured Food

Six butchers' premises are registered under Section 16 of the Food and Drugs Act, 1955 for the preparation and manufacture of sausage and pressed meat intended for sale for human consumption and are kept in a satisfactory manner. These are the only premises registerable under this section.

## Ice-Cream

During the year 1 premises was registered for the storage and sale of ice-cream, making a total of 60 on the register at the end of the year. Ice-Cream was on sale at 56 of these premises only.

Samples of ice-cream were taken during the year and submitted for bacteriological examination with the following results.

Number taken.....	4
Grade I.....	4
Grade 2.....	Nil
Grade 3.....	Nil

## Food Premises

The number and types of food businesses carried on in the Stone Rural District are as follows:-

General provisions.....	42
Butchery.....	8
Bread, cakes and sugar confectionery.....	1
Sugar confectionary.....	4
Sugar confectionery and catering.....	2
Catering.....	10
Greengrocery.....	2
Greengrocery and fish.....	2
Baking and bread etc.....	2
Licensed Victualling.....	20
Licensed Victualling with catering for meals and refreshments.....	22
Factory canteens.....	4
School meals.....	3
Clubs.....	10

A total number of 297 inspections were carried out at food premises.

## Bye-Laws for Handling, Wrapping and Delivery etc., of Food

No formal action has been necessary in the enforcement of these bye-laws.

## Food Hygiene Regulations, 1960

Inspections were carried out during the year under the above Regulations and generally speaking in most premises a fair standard was found to exist. Informal notice has been served on the occupiers of premises where the regulations were not being complied with.

### KNACKER'S YARDS

There is one licensed Knacker's Yard in regular use with the Rural District. No actual killing is carried out on the premises.

### MILK SAMPLING

Routine samples of milk are taken by the Sampling Officers of the Staffordshire County Council who forward copies of the reports on the examination of the samples to this Council.

The following samples were taken:-

Bacteriological examination.....	289
Biological test for tuberculosis..	57

All the samples tested for tuberculosis proved negative and of the 289 submitted for bacteriological examination 15 failed the test.

### SHOPS ACT, 1950

There are 163 shops carrying on trade in the area, and during the year 115 inspections have been made. Informal requests have been made for notices indicating opening times and in all cases these have been provided.

With the exception of powers to make orders suspending or altering general closing hours, the Staffordshire County Council have delegated by agreement all their powers under the Act.

### RAG FLOCK AND OTHER MATERIALS ACT, 1950

There are no premises registered under the above Act, with the Rural District of Stone.

# ADMINISTRATION OF THE FACTORIES ACT, 1961
